15. **YINKA:**            Why is that?
16. **BOSUN:**            Come on! I can't imagine sleeping in the corridor o, because my wife does not want to get pregnant
17. **YINKA:**            I found that really amusing too. Good thing his sister talked to him about using condoms and other family planning methods
18. **BOSUN:**            But Yinka, Imagine that he thought he couldn't use condoms with his wife? Very good that his sister set him straight and see how happy he was feeling afterwards.

19. **YINKA:** Ah Bosun, you will be surprised how many people have absolutely wrong information about condoms. That is an issue we will treat in details later. But first, let's play some music.
20. **MUSIC BREAK:** CUE IN MUSIC

28. **BOSUN:** (**CHUCKLES**) ah husband, na play I dey play o
29. **YINKA:** Naughty boy. Aunty Adunni, you are welcome once again. Today we are talking about condoms
30. **BOSUN:** (**EXCITED**) Yes! Condoms!!
31. **YINKA:** Please what can you tell us about condoms?
32. **ADUNNI:** Well, let me first tell you that condoms are not only made for men. There are female condoms also
33. **BOSUN:** Really?
34. **ADUNNI:** Yes really. And when correctly and consistently used, condoms prevent unwanted pregnancies and sexually transmitted diseases including HIV.
35. **YINKA:** Okay. Since condoms are that useful, why are people like Ajani not using condoms
36. **ADUNNI:** Well, truth be told, a lot of people don't have the right information about family planning methods generally. And they don't even know where to get the information. So they end up hearing things that may not be true
37. **BOSUN:** So aunty Adunni, still on condoms, you mentioned something earlier on consistent and correct use
38. **ADUNNI:** Yes Bosun, condoms are only effective if they are used correctly. Also condoms must be used during every sexual intercourse
39. **YINKA:** Ah aunty Adunni, it's true, what's the point of wearing condom, if one will not use it every time.

40. **BOSUN:** And the good thing is that condoms are cheap and are readily available everywhere, hospitals o, chemist o,
41. **YINKA:** (**CHUCKLES**) Bosun, I'm sure you know all the condom outlets from Ilorin to Ibadan
42. **BOSUN:** (**LAUGHS**) Not all o. But Yinkus, everyone should know that they can get condoms in a lot of places..
43. **YINKA:** That's true. We have a text message from Aduke. Aduke says, *I want to learn more about the female condoms. I know that it is inserted inside the woman. Is it safe?*
44. **ADUNNI:** It is safe. I can't demonstrate for you over the radio but please go to any Pharmacy, Chemist shop or hospital or anywhere you see our 'get it together' logo and they will tell you more about it. It is easy to use.
45. **YINKA:** This message is from Sahid in Ilorin. *'What are the chances of condoms breaking during intercourse'*
46. **ADUNNI:** Nothing is 100% perfect. But the chances of condoms breaking are very slim when condoms are worn correctly.. Also the branded condoms we have in this country are of good quality. But you need to be sure to check the expiry date on the condom package before you use it.
47. **YINKA:** Wow, I have many text messages here o. This one is from Tunde from Molete *'My wife and I just had our third child. She is currently breastfeeding our baby. We are planning to go for family planning later. What do you suggest we do in the meantime'*
48. **ADUNNI:** If you don't want to go right away, you can use condoms. But, be sure to go to a health provider soon that you can get a longer lasting method.
49. **YINKA:** That's true. But that's how far we can go on this program today. Before we go, let's play some music
50. **MUSIC BREAK: CUE IN MUSIC**
51. **BOSUN:** Welcome back folks. The program is still Ireti-Eda and that music was by Mochedda and its titled '**ko ma roll**'
52. **YINKA:** Yes o, it's time for our quiz segment. Today's question is, 'in today's episode of the drama, who told Ajani about family planning'? Easy question right? Well, remember that there are fabulous prizes to be won
